PRINCIPAL: Loreto Quinn-Canning.

DEPUTY PRINCIPAL: LIAM CONWAY.

## ADDITIONAL NEEDS FORM

In order to meet the additional learning needs of students attending Mercy College, the school provides additional teaching resources. This takes the form of either one-to-one or small group tuition usually on a withdrawal basis. The amount of time allocated to this support depends on the funding provided by the Department of Education and Skills.

The Principal must be notified of the additional needs of students at the time of application to Mercy College in order to apply for these resources for the next school year. All information is treated confidentially and the school communicates regularly with parents of children receiving additional support.

As the Department of Education and Skills requires a current psychological or medical report in support of our application for special needs, it would be appreciated if you would answer the following questions and return this form to the Principal with the relevant application form.

Name.....

Year/Course .....

Please give details of additional teaching resources received at Primary level including number of hours. Was (s)he allocated a Special Needs or Class Room Assistant? If so please state number of hours.
